DATE 02/15/13

HB 2

Hello, my name is Celena Winegar I am a senior at Helena High School. This is my first year in JMG. Some of the reasons I signed up for JMG is because I knew this class was very involved with helping and getting involved in the community. My role in JMG is to help out with our projects we have four main programs of work, leadership which teaches us how to become stronger leaders now and in the future. Career which helps us learn about all the jobs out there and helps us students decide what we would like to have as a career. Social and civic which help us get involved in our community by doing a lot of community volunteer work. In our JMG chapter we like to make our school a better place so we plant flowers and trees in front of the school. Funding would help JMG because we could do so much more in our community and make our school a better place. JMG has made me a better person by wanting to volunteer more and it has really helped me by teaching me how to set goals for myself and how to stick to them. My goals for myself were to find a Certified Nursing Assistant job at an assisted living home. I accomplished that and I am now currently employed at Sonheaven, some other goals were to apply to nursing programs in different colleges. I have applied and been accepted into many, now I just have to make a decision. I am very thankful to be involved with the JMG program, and to have Lisa Parker as my teacher. Thank you for your time.
